Dear Director Prof. Holm,

On behalf of ECOVE, who met on 14 December 2021, I herewith inform you of the Evaluation result based on the ESEVT full Visitation to your VEE on 13 – 17 September 2021.

The Committee concluded that the following Major Deficiency had been identified:

1. Non-compliance with Substandard 1.3 because of the need to implement a strategic plan at the VEE level in addition to the existing plans for the two departments.

In accordance with the European System of Evaluation of Veterinary Training (ESEVT) and based on the educational requirements of the Directive 2005/36/EC as amended by Directive 2013/55/EU,

the status of the VEE of the University of Copenhagen is
CONDITIONAL ACCREDITATION

In line with our agreement, please publish the SER and the Final Visitation Report on your website.
In accordance with the *ESEVT SOP 2019* under which the Visitation was completed, a Re-visititation may be organised as soon as you believe that the Major Deficiency has been corrected and an ongoing process is in place to correct the Minor ones (listed in detail in the Final Visitation Report). Please note that the Re-visititation must be performed 3 years after the previous Visitation at the latest and can only be performed once; if this interval is exceeded, only a full Visitation can be planned.

Should you have any questions, please do not hesitate to contact me (Florian.Buchner@vetmeduni.ac.at), the Director of ESEVT (pierre.lekeux@eaeve.org) or the EAEVE Office (office@eaeve.org).

Yours sincerely,
